Thanks, Tim. We'll work up a draft on the BB tribal issue. Note that the settlement provision is to initiate the withdrawal process within 60 days (not complete it). A key aspect will be tribal engagement and OGC, R10, and OWOW have outlined an approach that should facilitate a response for the SAC hearing.

Palmer/Heidi-- feel free to connect with me this weekend to get a headstart.

While no due date was provided, they will likely want this early Monday. I believe that we have fact sheets on Non-Responsive and Bristol Bay that can be tweaked Ex. 5 - Deliberative Process

Non-responsive - Topics unrelated to Bristol Bay / Pebble Mine
though I don't know if we updated it for this hearing.

Polling for Sen Murkowski -- – please provide a quick set of background information bullets and talking point – thank you!

Bristol Bay-- As part of EPAs May 11th settlement agreement—we have 60 days to withdraw the 2014 determination which is in the middle of the commercial fishing day season. The Senator wants to have as much involvement with the Tribes as possible – and will ask the administrator to have a 60-90 day comment period to give enough time for the tribal commercial fishermen to provide comment.
